superFLY™

WELCOME TO SUPERFLY

SIMPLY SUPERFLY

With more than 40 years of fly fishing expertise, Superfly has created a program to simplify the category for retailers and consumers.

The Simply Superfly program has everything you need for a complete one-stop fly fishing department. From rods and reels to streamside tools and accessories, we've created a comprehensive line of great quality products at great prices.

Our single brand solution makes it easy and affordable to get geared up for fly.

PREMIUM FLIES

When it comes to flies, we know the importance of variety. Our selection includes hundreds of patterns, colors and sizes for almost every species in any type of water. Each fly is tied to exacting standards using chemically sharpened, high-carbon hooks and top quality materials.

Designed by Brian Chan and Phil Rowley, the Stillwater Solutions™ Fly Program includes proven patterns in a comprehensive range of colors and sizes designed to meet the specific needs of lake fly fishers everywhere.

THE SUPERFLY ADVANTAGE

Global sourcing and long-term contracts with key vendors secure our delivery commitments. Our quality control is second to none and is carefully managed through every step from manufacturing to fulfillment. Each product is inspected before we put our name on it.

We pride ourselves on our industry-leading fill rates and on-time order delivery so that Superfly products are always on the shelf. Our program commitment ensures continued growth for our retail partners.

THE BIG PICTURE

Superfly is dedicated to the preservation and growth of the art of fly tying and the sport of fly fishing through our ongoing support of environmental conservation efforts and educational programs. We proudly contribute to our communities by supporting local and national organizations who share these same goals.

Finally, Superfly International is a family-run business that respects every member of our growing circle of employees, suppliers, retailers and consumers worldwide.

STILLWATER SOLUTIONS™ FLY PROGRAM

Designed by stillwater experts Brian Chan and Phil Rowley, the Stillwater Solutions™ Fly Program features patterns that cover the major stillwater food groups including: scuds, water boatmen, leeches, chironomids, mayflies, damselflies, dragonflies and caddis flies.

- The Stillwater Solutions™ pattern range is effective all season in lakes, rivers, spring creeks and tailwaters.
- Flies are available in bulk dozens with optional UPC tags or in our packaged program
- All Stillwater Solutions™ flies are tied with premium Stillwater Solutions™ tying materials on chemically sharpened hooks.
